

Typography

Due Date: _____

Create a presentation on Typography (either PowerPoint or Prezi). Presentation must include:

- Define Typography
- A brief History of Typography
- Information about using Fonts on a Website
- Web Safe Fonts

Your target audience is beginning Web students. The presentation must be educational as well as entertaining. The goal is to educate them about the use of typography in web pages and motivate them to make the right choices regarding font selection when designing a web page.

You must write a 10-question quiz over your presentation. You must provide the teacher with an answer key.
