

Been there; seen that.

Purpose: To create a postcard of 2 places you have visited around the world that includes pictures and text descriptions

Project Scenario: You are on a trip outside of the United States. While on this trip, you missed your teacher! What a kind thought to send her a postcard from 2 of your favorite places on the trip!

Using PowerPoint, create 2 postcards using the following guidelines:

1. Decide on a place that you would like to create a postcard from. You will need 2 different pictures of that place along with 2 informative facts about that place.
2. Once you have decided on the place, have the pictures and facts, open a blank slide in PowerPoint.
3. For slide 1, insert your picture on the left side.
4. Create a text box on the right side. Using proper grammar and spelling, write your message to Mrs. Freeman. The message must include 2 facts about the place you have chosen. This must be in sentence form. Include your name at the end of the message.
5. Place a picture of “stamp” for mailing the postcard in the top right corner.

6. For slide 2, you are going to place a picture that is the front side of the card.
7. Stretch the image to fill the entire screen. If the image is blurry, go find another image. The image
8. Create a Wordart or Text box that includes what the picture is showing.
9. Include a second Wordart or Text box that includes where your place is located.
10. Save your postcard.
11. You will print in color as handouts 2 per page.
12. Cut your slides out and glue together. Clean up your mess and place in basket when complete.
13. Create your second postcard about a different place on your trip!
